

HYGIENE FILM

Article number: 133800115211

Technical Data Sheet:

Visible solar transmission*	86.00 %
Visible solar reflection*	13.90 %
Visible solar absorption*	0.10 %
Ultraviolet transmission (300 – 380 nm) < 1 %	
Total solar energy rejected*	14.20 %
Shading coefficient	approx. 1.00
Film width	approx. 1.52 m
Thickness	0,07 mm

Visual perception:

- interior: crystal clear
- exterior: crystal clear

General note:

Delayed the fading of exhibition goods to 3 to 4 times the period. Though the high light transmittance, this variant virtually invisible.

Use / recommendation by the directions of the sky:

- south, east, west, north

*Technical manufacturing tolerances for the above stated values = +/- 1
